

## The Story of a Medicine.

Its name—Golden Medical Discovery—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery" for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical authorities, and are written on *Medical Men* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. E. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial, and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

## The Minneapolis Symphony Orchestra.

Without doubt the concert given at the opera house Monday evening by the Minneapolis Symphony orchestra under the direction of Emil Oberhoffer was the best musical entertainment ever given in Lexington. All the good bands have been here, but never before a big orchestra, and orchestra music is far and away ahead of band music.

The Minneapolis Symphony orchestra is comparatively a young organization, but it has already gained the name of being one of the best of the country and certainly the best west of Chicago. It contains fifty members organized perfectly by Mr. Oberhoffer. The discipline is excellent and the orchestra plays with remarkably unity. The different sections are well balanced and of uniform capabilities. Those present Monday evening who had never before seen a large orchestra were surprised at the way everything moved in perfect unison. The woodwind and brass sections were given plenty of work and performed it with a smoothness that could not be excelled by even the Thomas or Boston Symphony orchestra.

An introductory piece not on the program was Schubert's Marche Militaire. The program was opened with the overture from Tannhauser and it was magnificently handled. It was easily to be seen that Mr. Oberhoffer was a magnificent conductor. He is graceful in the extreme and absolutely natural. He conducts for the purpose of getting the best music out of his organization and yet it is a delight alone to watch him. At the conclusion of the first number he was given probably the most enthusiastic and sincere round of applause ever given to a musician in the opera house.

The other orchestra numbers were Dvorak's Largo from the "New World" Symphony, Tchaikowsky's novel and entrancing Nutcracker Suite, Massenet's "Under the Linden" with Mr. Fischer and Mr. Nirella playing the solo parts on the cello and clarinet respectively, a selection from Thomas' Mignon and Liszt's Second Rhapsodie. This was truly inspiring and brought round after round of applause. Mr. Williams the orchestra harpist, played a cadenza in this piece that was marvellous, and he shared with Mr. Oberhoffer the plaudits that the number caused.

Carlo Fischer, the cellist, played Brahms' Kol Nidrei, an old Hebrew chant, and this was one of the most enjoyable numbers of the evening. As an encore he gave a Bohm Scherzo.

Garnett Hedge of Chicago sang Rudolph's Song from Puccini's "La Boheme." Mr. Hedge has one of the best tenor voices ever heard here and is highly cultivated. As an encore he sang "It's Not Raining Rain for Me." Miss Louise Ormsby of New York sang an Aria from Charpentier's "Louise," and as an encore the waltz song from Gounod's "Roméo and Juliet." Miss Ormsby has a remarkably clear soprano, but the effect of her singing is somewhat marred by her facial and bodily contortions. From a strictly musical standpoint, though, she is fine.

The program was as long as anyone could ask, but at the conclusion the audience was loth to leave and Mr. Oberhoffer had to bow repeatedly before the people stirred. It is to be hoped that we shall have the opportunity of hearing this orchestra again.

### Wentworth Trims Richmond Elks.

The Wentworth aggregation of pastners had a comparatively easy time in defeating the Richmond Elks on the academy campus Monday afternoon by a score of 6 to 4. In the first round the cadets jumped into a comfortable lead by gleaming four counters to their antagonists' one. After that the game from Drysdale were never dangerous.

Hurley and Taylor started as the opposing slabsters; but Taylor soon had to give way to Davis and in the sixth Hurley yielded to Hillix. There were three home runs, quite a few errors and some bonehead base running. Matchett in left field muffed three flies, but they were all difficult. There were several gibsons on the Richmond team as usual and they pulled off one or two good plays.

The crowd was the largest of the season and contained a good many Richmond people. By this game it can be seen that the local herd will have to improve to take the measure of the Rayites this year.

E. M. Taubman left Tuesday for a trip to Fulton.
